ABSTRACT

This report lists schools with fiscal year (FY) 1995, FY 1996, and FY 1997 official cohort student loan default rates that are 25 percent or higher. As a result, these schools are subject to initial loss of eligibility to participate in the Federal Family Education Loan Program, the Federal Direct Student Loan Program, and/or the Federal Pell Grant Program unless they submit cohort default rate appeals. Schools are listed in state order by Office of Postsecondary Education identification number. Data elements include the types of loan programs in which the schools are currently participating; school name and address; program length/type/region/district; fiscal years for which the default rates have been calculated; number of borrowers in default; number of borrowers in repayment; the default rate; the rate type; and rate calculated by loan program. SEPTEMBER 1999

SCHOOLS SUBJECT TO LOSS OF ELIGIBILITY TO PARTICIPATE IN THE FEDERAL FAMILY EDUCATION LOAN PROGRAM (FFELP), FEDERAL DIRECT STUDENT LOAN PROGRAM (FDSLP), AND/OR FEDERAL PELL GRANT PROGRAM (FPGP) DUE TO FY 1995, FY 1996, AND FY 1997 COHORT DEFAULT RATES THAT ARE 25.0% OR GREATER (PEPS304)

All schools listed in this report have fiscal year (FY) 1995, FY 1996, and FY 1997 official cohort default rates that are 25.0 percent or greater. As a result, these schools are subject to initial loss of eligibility to participate in the FFELP, FDSLP, and/or FPGP in accordance with Sections 435(a)(2) and 401(j) of the Higher Education Act of 1965, as amended (HEA) and federal regulations at 34 C.F.R. Section 668.17(c). These schools' eligibility to participate in the FFELP, FDSLP, and/or FPGP will end 30 calendar days after the date the schools receive notification of these rates, unless the schools submit timely, accurate, and complete cohort default rate appeals. See the *FY 1997 Official Cohort Default Rate Guide* for information on cohort default rate appeal procedures.

EXCEPTIONS TO SANCTIONS

Schools that fall into any of the following categories will not be included on this report:

1. **Foreign schools that have FY 1995, FY 1996 and FY 1997 cohort default rates that are 25.0% or greater are not included on this Report or Report 314 (Extended Loss of FFELP/FDSLP/FPGP Eligibility) because these schools have not been provided the opportunity to review and challenge the FY 1995 and FY 1996 cohort default rate data.**

2. **As of July 1, 1999, the 1998 Amendments to the HEA ended the exemption that allowed Historically Black Colleges and Universities (HBCU), Tribally Controlled Colleges (TCC) and Navajo Colleges (NC) to continue to participate in the FFELP/FDSLP despite cohort default rates that were 25.0% or greater for three years. However, the 1998 Amendments established a separate process that allows HBCUs/TCCs/NCs to retain FFELP/FDSLP eligibility despite cohort default rates that are 25.0% or greater for three years provided the school:**

    a) **Implements a successful default management plan (DMP);**
    b) **Engages an independent third party servicer to assist in the implementation of the DMP, and;**
    c) **Provides evidence that after a one-year period, the school's cohort default rate substantially improved.**

3. **If a school has an *unofficial cohort default rate*, this rate will NOT be used to end a school's eligibility to participate in any Title IV Student Financial Assistance Programs.**

4. **If a school has submitted, prior to the release of the official cohort default rates, a successful *participation rate index challenge* based on its FY 1997 draft cohort default rate or on either of its FY 1995 or FY 1996 official cohort default rates, the school will NOT be subject to initial and/or extended loss of its eligibility to participate in the FFELP, FDSLP and/or FPGP.**

5. **The Department will not initiate an action against a school that has three years of cohort default rates that are 25.0% or greater if at least two of the rates are average rates and would be less than 25.0% if only one year of data was used to calculate the rate instead of three years of data.**

6. **The Department will not initiate an action against a school that has three years of cohort default rates that are 25.0% or greater if the school has a total of 30 or fewer borrowers entering repayment during FY 1995, FY 1996, and FY 1997.**

REPORT FORMAT

Schools are listed in state order by OPE ID.

The following identifies the various data elements included on the report:

a) The types of loan programs the schools are currently participating in are indicated in the far-left column with one of the following codes:

f) Borrowers in Default - The number of borrowers who entered repayment in the applicable fiscal year (October 1 through September 30) and defaulted or met other specified conditions during the fiscal year the borrower entered repayment or the next fiscal year.

g) Borrowers in Repayment - The number of borrowers who entered repayment during the applicable fiscal year.

h) Default Rate – The percentage of borrowers that defaulted or met other specified conditions in the fiscal year they entered repayment or the next fiscal year.

i) Rate Type – Cohort default rates calculated by the Department are coded as follows:

A = Actual
* = Average

k) Program Rate - The type of rate calculated for a particular year as indicated in the far right column by the following codes:

FL = FFELP
DL = FDSLP
DU = Dual (FFELP and FDSLP)
